

BULL MOOSERS IN STATE CONVENT

Some Four Hundred Delegates From Twenty Counties Start New Party at Ogden --- Nominees and Platform.

Some four hundred and fifty delegates, representing the fluil Moose delement of the counties of Ulah, with the exception of Washington, Wayne, Kane, Emery, Grand, Garfeld and Ran Juan held their first convention in Ogden last Friday. Before adjournment was taker at \$2.15 o'clock in the evening a complete state teket had been named and a platform, promitting everything worth living for, was adopted. In the whole day's deliberations only one contest resulted. The remainder of the day went off quietly with one delegate suggesting and the balance accepting. Altogether the convention assumed the proportions of a family gathering with no head. There were committee, of look as though all the progressives of the supreme court there was no appealition to Ogden lities of Salt Lake was the only man mentioned for attorney general with no contest resulted. The remainder of the day went off quietly with one delegate suggesting and the balance accepting. Altogether the convention assumed the proportions of a family gathering with no head. There were committee, of

opposition was raised to the county taking everything in sight.

To avoid breaking the precedent of acclamation the two sail Lake candidates eitheless from the take candidates eitheless from the take candidates with the place of state augmentation. Watter Adams of Utah courty had no opposition in the race for state augmentation of public instruction was reached the name of A. C. Nelson, regulation and date, as mentioned. However, it was pointed out that the law provented the adequates manimaling a man already selected by another party. It was declied to have fits place blank with the understanding that the present appropriation of the propagation.

The platform was so length, and subject to so many monitorious that it did not reach the consistion until late in the evening after the balance of the business and been practically completed. The puriform

Tentative Draft of Platform

Political parties are justified only when they promote the public welfare. The old parties have any ago abandoned this as their rule of conduct. The progressive party has been formed because it is morally, politically and economically secesary that there he a party consecrated to public service.

We recommend to the people of our state the national platform of our party as a great charter of American democracy, political and industrial affice, and we please cursions.

We regard it a proud distinction follow our intropid national lead-s. Theodore Roosevelt and Hiram

Parameunt Issue.

For years past in both state and nation our governments have been controlled and our polities dominated by the unholy alliance between high business and crooked bosses.

The paramount issue in this campaign is the control of our government and political life by the peuple themselves, to the end that they may have political and industrial democracy.

The only time that the suprementation of the public welfare.

Direct Peterson in mustrial in order that the government may be restored the people, the passing of specific legislation is importative.

Our autional platform outlines a comprehensive plan of national reform, which we deen it unnecessary to amplify. We submit, in addition, measures which are indispensively in the people of the people of the people, the passing of specific legislation is importative.

Our autional platform outlines a comprehensive plan of national reform, which we deen it unnecessary to amplify. We submit, in addition, measures which are indispensive plan of national reform, which we deen it unnecessary to amplify. We submit, in addition, measures which are indispensive plan of national reform, which we deen it unnecessary to amplify. We submit, in addition, measures which are indispensive plan of national reform, which we deen it unnecessary to amplify. We submit, in addition, measures which are indispensive plan of national reform, which we deen it unnecessary to amplify. We mbmit, in addition, measures which are indispensive plan of national reform, which we deen it unnecessary to amplify. We mbmit, and it is a comprehensive plan of national reform, which we deen it unnecessary to amplify. We mbmit, and it is a comprehensive plan of national reform, which we deen it unnecessary to amplify.

tion, measures which are indispensable if the people are to control their state government for the public welfare.

Direct Primary.

Under the prevailing calculation of prisoners' system patforms are written by the hand of invisible power, and neminations are dictated by sinister influences and result from trades made without reference to the public interest. Both old parties are controlled by a hipartism combined in the controlled by a hipartism combined and the opening to public interest. Both one wins, the people lose.

The people must have the real as well as the ostensible power of nomination by the passage of a direct primary law.

Workmen's Compensation Act.

Our laws regarding employers' libulities for lipuries to workman is billities for lipuries to workman is

Workmen's Compensation Act.

Our laws regarding employers' it abilities for injuries to workman is a strained and unjust, and the resulting conditions have long been insufferable. The rules of law referred to grow up before the age of machinery, and at a time when laws whenever accessary.

Taxation.

The first rule of public tinance is that taxation should fall upon those manual tools and when there were no nocessary hazards of employment. These rules are abnolutely manifed to undern times and conditions.

Under the system the total risk of the hazards of dangerous industries falls with croshing weight upon the mained workman or his wideous and orphans—the persons least able to bear the progressive income lax and orpersonable in our state and country.

To correct the present inequalities, we favor the progressive income lax and other similar systems now in operation in foreign countries.

The first rule of public tinance is that taxation should fall upon those best able to bear the burden. This rule is inverted in the system of the hazards of dangerous industries falls with croshing weight upon the mained workman or his wide with the progressive income lax and other similar systems in we progressive interesting the progressive interesting the

preventable, and every means should be used to reduce them to an irreducible minimum, still those remaining are the price of our industrial greatness, and that price, so far as payable in money must be paid by the whole community.

The employer must be ended listen on a fixed scale, resurdiess of the common law dectrines of negligence, rountibutory negligence, follow service and assumed risk.

That the full benefits of the workman a compensation law, when passed, may go to the injured man and his family with all possible speed and without dividing up with the affortneys, runners and others, its administration of the course and placed with an administration beard, No state in the Wars power.

Social and Industrial Justice.

The supreme duty of the state is the conservation of human resources through enlightened measures of so-cial and industrial justice. We piedge ourselves to work unceasing-ty for:

1. Effective legislation looking to the prevention of industrial arcidents, occupational diseases, over work, involuntary unemploymen work, involuntary nuemployment and other injurious effects incident

and other injurious effects incident to modern industry.

2. The fixing of minimum safety and health standards for the various occupations.

3. The prohibition of child labor.

4. Minimum wage standards for working women, to provide a living scale in all industrial occupations.

5. One day's rest in seven for all wage samers.
